ANNUAL REPORT

RURAL DISTRICT HEALTH COUNCIL

January 1, 1970 — December 31, 1970

During the past year the Rural District Health Council has been providing visiting nurse service to the following seven towns: Northwood, Nottingham, Deerfield, Barrington, Strafford, Middleton, and New Durham. The nurses are building up a comprehensive health program including postpartum and newborn visits, immunization checks, family planning services and direct nursing services ordered by the physicians. We are hoping to expand our family planning services, to establish Child Health conferences and immunization clinics.

At present we have two part time nurses and a part time supervisor. Because of the geographical area and the travel involved covering the area, it is more feasible to employ the two part time nurses rather than a full time one. The administration and supervision of this program is contracted to the Portsmouth Rehabilitation Center in Portsmouth, N. H.

The following is a statistical report of the year January 1, 1970 through December 31, 1970: Total number of visits: 1626

Barrington	— 328	Northwood	— 233
Strafford	— 124	Nottingham	— 79
Middleton	— 259	Deerfield	— 339
New Durham	— 264		

The breakdown by age groups is as follows:

0-4	5-20	21-44	45-64	65+
163	58	147	481	777

The Rural District Health Council is supported by the funds contributed by the towns at a rate of $1.00 per capita, a state grant and fees for service.

Anyone interested in the program or needing the service is asked to contact the Portsmouth Rehabilitation Center, tel: 436-5716 or a representative of the Rural District Health Council in your town.

REPORT OF RECREATION COMMISSION

State of New Hampshire
Office of Economic Opportunity

Northwood Recreation Commission
c/o Mr. Douglas Briggs
Northwood Parent Teachers Association
Chairman
Northwood, New Hampshire 03261

Dear Mr. Briggs:

Please find enclosed a summary report of the Northwood summer playground program, 1970. This report is intended as an objective comment; it is hoped that the analysis will be of value to the Recreation Commission in planning and improving the program you will conduct in Northwood next summer.

If there are any questions or comments you have concerning either the report or next year's plans, please do not hesitate to contact me through Mr. Harold Hapgood, Office of Economic Opportunity, 15 North Main Street, Concord, Tel. 271-2611. In addition, Mr. Richard Tapply's office (Office of Community Recreation Service, Concord) would be of assistance in making suggestions for a constructive development of future Recreation in Northwood.

Thank you very much for your dedicated efforts to make Northwood's program a success. I appreciated the opportunity to work with you and members of your community, and wish you enduring enthusiasm and support for your fine program.

Very Sincerely,

NANCY W. HEAD,
Summer Recreation Supervisor

SUMMER RECREATION PROGRAM

Northwood, New Hampshire

Summer 1970

I. Description of Site: Northwood Elementary School was the site of the 1970 program and proved exemplary as an ideal facility for summer recreation. The auditorium and two classrooms with tables and chairs, etc., as well as toilet facilities were available for playground use. The outside area behind the school was equipped with swings, sandbox, and blacktop area. Further behind the school was located a large two-acre open field. The primary disadvantage of the site was its location on a major heavily travelled highway. However, because the citizens were accustomed to the location, it did not prove a discouraging factor in playground participation. A secondary site used one day per week was the Northwood Town Beach (and/or a similar nearby bathing area offered by the Town), to which transportation was provided by parents one day per week.

II. Playground Policies

A. Ages: 1st through 8th grade

B. Hours: Nine-week program, Monday through Friday, 9 a. m. to 3 p. m.

C. Average attendance: 65 Total registration: 120

D. Fees: Optional donation of $1.00 upon registration, Charges for field trip admission fees, etc.

E. Rainy-Day Policy: Temporary use of the school building, followed by dismissal.

III. Resource Personnel: The following persons were voluntarily generous and helpful. Personal contact is recommended with them in the future:

Mrs. Lorraine Lindl — 942-8315 — Full-time volunteer assistant
Mr. Douglas Briggs — Chairman, Northwood PTA
Mr. Bob Lowe — Northwood Town Selectman
Mr. Henry Lovejoy — 942-8637 — Part-time volunteer assistant
Mrs. Mark Smith
Mrs. Ruth Gallant
Mrs. Beverly Bassett
Mr. Donald Post — Part-time volunteer assistant
Mrs. Marilyn Cornier
Mr. Jack Conway — School Principal
Mrs. Richard Thompson
Mr. Harold Rice — Director, Rockingham Community Action Program

IV. Budget

Due to incomplete reports from the Playground Director, an itemized budget is not available. The Northwood Program expenditures totalled near $400.00 for supplies and equipment.

V. Publicity

"Foster's Daily Democrat"
"Goffstown News"
"The Concord Monitor"
"The Pittsfield News"

VI. General Comment: The Northwood Summer Program was the best attended and best publicized of all the five programs sponsored by the Office of Economic Opportunity during the summer of 1970. Furthermore, the personal assistance lent by town citizens enabled the Playground Director to fulfill his role as organizer and leader. And because of the excellent cooperation between the school department and summer recreation

committee, the situation was ideal. The program should definitely continue in the future; due to the success of the past summer, the town's citizens will undoubtedly demand its return. The primary method by which the program could be improved would be more advanced planning. Now that a number of participants has been established, advance inventories should be made for supplies and equipment, for example. Furthermore, the volunteer helpers should be scheduled for the summer during the spring, and then advised to attend the Summer Playground Leaders' Workshop sponsored by the Office of Community Recreation Service in Concord.

The program in 1970 was fortunate to have the Town of Northwood's cooperation; next summer the Director will be able to use 1970's experience upon which to plan and improve. Northwood was a good example of a program in whose favor were several factors such as site, budget, and volunteer help, but whose real success depended upon the Playground Director. In this case it is necessary for the town to evaluate the performance of the Director itself, and subsequently act upon that evaluation for the future.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

The 1970 forest fire season was a quiet one in this area, quiet in part because of your continued cooperation and favorable weather conditions.

Fires that did occur were, for the most part, caused by debris burning, children and smokers.

The elimination of these three causes of forest fires would drastically change this picture — to bring about this change we make the following suggestions:

1. When the ground is not covered with snow a permit to burn must be obtained from the Forest Fire Warden. This permit covers waste burning, even if in an incinerator, grass burning, as well as garden trash and brush burning. Such burning is restricted by regulation to prior to 9:00 a. m. and after 5:00 p. m. with the following exceptions:
 Commerical or industrial burning is permissible at any time under normal conditions but only with the approval of the District Chief and a written permit from the Forest Fire Warden.

2. Fires caused by children can be prevented only with the complete cooperation of parents in the supervision of their children, keep matches out of reach of children, this action will help to prevent fires and may save a life, the life of your child. Try to explain this to your child, won't you?

3. Forest fires caused by smokers can be reduced in number by the exercise of more care in the discarding of matches and smoking material whether from a vehicle or by a hiker. In all cases, make sure that the butt or match you discard is out, dead out. Smokey says, "Thanks for your help," and invites

you to join with him in setting a good example for others in the prevention of fires and the protection of our environment.

Number of fires reported and acres burned:

State	484 fires	244 acres
District	30 fires	42 acres
Town	5 fires	1 acres

IVAN E. SCRANTON
District Fire Chief

ARTHUR M. NUTTER
Forest Fire Warden

NORTHWOOD BICENTENNIAL COMMITTEE

THE TOWN OF NORTHWOOD will observe its Bicentennial (200th) Anniversary in the year 1973. A group of town residents became interested and called a meeting at the Town Hall on March 4, 1970. After considerable discussion of the group a name of NORTHWOOD BICENTENNIAL COMMITTEE was established.

A slate of Officers were elected and are now serving as follows:

President	George Linscott
Vice President	Jean Lane
Secretary	Eleanor Pinkham
Treasurer	Marion Knox
Asst. Treasurer	Joseph Knox

Several committees were selected at this meeting. Namely: Commemorative Coins, Music, Publicity, Finance, Historical, Church and Program, Parade, Commemorative items such as Plates, Cook Books etc.

Five additional meetings of the Northwood Bicentennial Committee have been held since its inception. Considerable progress has been made. The Commemorative Coin has been designed and a Company has been selected to manufacture the coins. Many ideas are being suggested and considered by the Program and Parade committes. The History of Northwood with its many Water Mill Sites, Shoe Factories, Taverns, Stores, Schools, Churches etc. is being worked on by the committee. Commemorative items such as Plates, Cooks Books. etc. are being considered for sale as well as the coins, also Band Concerts, Harvest Suppers etc. as a means of raising funds to defray some of the expense of this celebration.

It has been established by the committee that August 3, 4, 5, 1973 will be the dates of the celebration. The suggested places for the activities will be The Community Field at the rear of the Elementary School at the Ridge, and Coe Brown Academy facilities at the Center.

Notices of future meetings of the Northwood Bicentennial Committee will appear in our local newspapers and all interested persons are invited to attend. The committees need additional support and creative ideas if we are to be successful in making this 200th Anniversary Celebration one that will always be remembered.

LIBRARY REPORT

We wish to thank the following people for gifts to the libraries. Albion Hodgdon, Avis Freeman, Gladys Gardner, Delores Ann Martin, Irene Grant, Lavinia Berdge, Ruby Giles, John White, Bernard Tasker Family, Helaine Donnelly, Richard Thompson, Eugene Grant Fund, Emily Grant, Anne Phipps, Clayton W. Holmes, Avis Small, Robert Herron, Annie Giles, Grace Waldron, N. H. State Library, Harvey Lake Woman's Club, Walter Crandall, Helen Quimby, Mrs. Robert Magoon, Miriam Towle, Mr. & Mrs. Maurice James, Doris Bean, Mabel Bailey, Ruth Linnell, Martha Wiswell.

The outside trim of the Chesley Memorial Library and the inside walls of the James Bryant Library were painted this year. These lovely buildings are for your use and enjoyment. We have displays of stamp and bottle collections as well as local photography by some of our senior citizens for those who like to browse. Jigsaw puzzles are available for young and old. There were approximately 12.000 books circulated by the town libraries this year. Ten library meetings were attended by Gladys Gardner.

Coe-Brown Northwood Academy	21	15	20	14	70	$753.00
Dover High School	1	—	1	1	3	850.00
Oyster River High School	—	6	—	3	9	950.00
Pittsfield High School	1	2	4	1	8	700.00
Austin-Cate Academy	—	1	1	—	2	753.00
Total	23	24	26	19	92	

* Students attending private secondary schools are not included in the above table.

In September of 1970, with the re-opening of school, a considerable re-organization of the staff had taken place. The first three grades had been organized as an ungraded program with five levels of instruction to enable the pupils to progress at a rate befitting their abilities and inclinations. A further benefit to the pupil should result in enabling him to receive more individual attention and thus prevent the development of situations requiring remedial measures which are costly both in terms of money and in terms of personal hardship to the youngster. Grade four, because of its size, was left as a traditionally organized class. In order to take advantage of the individual talents of the members of the teaching staff, the upper four grades have been organized as a departmentalized elementary school. This, again, should be of benefit to the child in a number of ways, including that of an early orientation to the greater responsibility placed upon one as one grows older, the benefit of the learning under an expert instructor in a particular field, as well as enabling the instructor to better organize the area for which he is responsible.

The addition of movable classrooms has been most helpful, and though the space problem has not been completely solved, this addition to the building has enabled the program briefly outlined above to function. It is understood that the report of the building committee will be published elsewhere in this District Report, and all patrons of the district are urged to read it and consider its implications. The committee has worked hard and spent many hours considering the space problem and deserves a great deal of credit for its effort.

Perhaps the most important problem to be considered by the District and the Board in the immediate future is the effect that the new minimum standards will have on the district's educational program. These minimum standards are expected to be well on the way toward complete implementation by the start of the 1972-1973

School Year. For purposes of explanation, there follows a resume of the standards and the progress the District has made toward implementing some of them.

Standard	Has it been met?
ORGANIZATION

A regular classroom must be at least 900 square feet to accommodate 25-30 children.	Yes
New elementary school buildings shall be constructed and maintained in accordance with present New Hampshire State Department of Education School Building Standards.	

The above material was gathered and paraphrased from the publication of the State Department of Education entitled, "Minimum Standards and Recommendations for New Hampshire Public Elementary School Approval," dated January, 1970. As can be seen, Northwood is well on the way to meeting many of these standards, and, it is felt will have its share of the program well in hand by September of 1972.

In closing, the undersigned should like to express their appreciation of the cooperation they have received from local citizens, school board members, students, and professional and service staff members. Your continued cooperation to provide your children with the best possible education is greatly appreciated.

Respectfully submitted,

PRINCIPAL'S REPORT

To the School Board and Citizens of Northwood:

The past year has been a year of progress toward a better education for the children of Northwood.

We have incorporated a readiness room into our program allowing youngsters to grow and mature at their own speed. Thus each child in Northwood is given the best possible start in his educational process.

In our ungraded section, we feel that we are able to handle the individual problems of each child and give them special help not possible in the traditional graded system.

We anticipated 300 students for the school year 1970-71 and are very close to that figure. With the addition of our four new classrooms, we feel we have adequate space for our current enrollment.

We have expanded our program to include our new library which has been a great addition for both students and teachers.

I am very pleased with our staff this year, and I feel that many of them will return another year.

In closing I would like to express my appreciation to the people of Northwood for their patience in a year of change.

Respectfully submitted,

THOMAS R. CONWAY,
Principal

SCHOOL HEALTH REPORT

To the Superintendent of Schools:

The health program for the year 1969-1970 was carried out in the usual manner with an annual physical inspection of each student by the nurse. When defects were noted, the appropriate referral and follow-up were made.

The students again received the benefit of preventive dental care. A hygenist, sponsored by the N. H. Bureau of Dental Public Health, visited the classrooms and presented interesting and informative programs. One hundred and eighty-two children responded to the cleaning and flouride clinic in November. The Harvey Lake Women's Club and the P.T.A. generously donated to the Matching Funds Program enabling several students to receive corrective dental treatment. For the past several years Mrs. Ruth Gallant has been coordinator for our school dental program. She has spent many hours on this and all her efforts are greatly appreciated.

The Heaf Test for Tuberculosis was offered in school to the first and seventh grade students. A total of fifty-three children and six teachers were tested.

Thirty-six children were registered for school entry at a pre-school clinic in May.

Rubella (German Measles) immunizations were especially encouraged this year and one hundred and sixty-three students received this vaccine. We are grateful to Dr. Alfred Mihachik who generously donated his time for the clinics.

First-aid was administered to approximately 90 students. Twenty-one ill children were transported home

and twenty-nine home visits were made by the school nurse.

The following films were shown in conjunction with the health program for the year:

American Cancer Society, Smoking Film
Three drug and narcotics films
Two health films for 2nd and 3rd grades
Two personal health films for girls

I would like to express my appreciation to Mr. Martineau and Mr. Morgan, School Board Members, teachers and parents for their cooperation and support during the past year.

Respectfully submitted,

CARLINE J. KALLGREN, R.N.B.S.
School Nurse
